Virtual Assistant · GoHighLevel Automation · Tech Support

Philippines-based Virtual Assistant who builds and maintains GoHighLevel automations, reactivates dormant leads and handles admin and technical support for remote clients. Has worked with 28 clients. Background in technical support, sales and store management, so I stay calm under pressure, communicate clearly and follow through.

EXPERIENCE

Virtual Assistant & GoHighLevel Specialist Present
Freelance / Remote

- Build and maintain GoHighLevel workflows: email and SMS sequences, triggers, forms, tags, custom fields, pipeline stages, lead routing and calendars.
- Plan and launch reactivation campaigns against existing CRM databases to re-engage dormant leads.
- Build audience segments and journey logic by lead source, behavior and lifecycle stage.
- Run pre-launch and post-launch QA on every automation shipped.
- Report on opens, clicks, replies, booked appointments and reactivated opportunities, with before and after numbers.
- Maintain list hygiene, deliverability practices, and opt-out and consent handling.
- Schedule company social media content and keep the content calendar on track.
- Maintain automation SOPs and documentation.

Tech Support Representative Dec 2024 – Jun 2025
Concentrix

- Diagnosed hardware, software and network issues efficiently.
- Explained technical problems in simple, non-technical language.
- Kept patience and professionalism with frustrated users.

Store Manager & Barista 2021 – 2022
DaFab Milktea House

- Oversaw daily operations and managed inventory, including ordering supplies.
- Made sure menu items met quality standards and customer preferences.
- Kept the counter, equipment and seating areas clean and organized.

ACHIEVEMENTS
